

G5 Subject Vocabulary 2025-2026

学科：数学 (Maths)

【第一阶段：第2-5周】

第2周 (century, millennium, front view, side view, top view)

century - 题干：A period of 100 years is called a _____. 选项：A) decade B) century C) millennium D) year 正确答案：B (解析：century意为“世纪/百年”)

millennium - 题干：A period of 1,000 years is called a _____. 选项：A) century B) day C) millennium D) month 正确答案：C (解析：millennium意为“千年/千禧年”)

front view - 题干：What you see when you look at an object from directly in front is its _____. 选项：A) top view B) side view C) front view D) back view 正确答案：C (解析：front view意为“正视图/主视图”)

side view - 题干：Looking at a car from its left or right gives you the _____. 选项：A) top view B) side view C) front view D) bottom view 正确答案：B (解析：side view意为“侧视图”)

top view - 题干：The shape of a building seen by a bird flying directly above it is the _____. 选项：A) side view B) front view C) bottom view D) top view 正确答案：D (解析：top view意为“俯视图/顶视图”)

第3周 (perspective, 2-dimensional, 3-dimensional, object, block)

perspective - 题干：Drawing a road getting narrower in the distance shows _____. 选项：A) object B) block C) perspective D) fraction 正确答案：C (解析：perspective意为“透视/视角”)

2-dimensional - 题干：A flat shape like a square or a circle is _____. 选项：A) 3-dimensional B) 2-dimensional C) heavy D) solid 正确答案：B (解析：2-dimensional意为“二维的/平面的”)

3-dimensional - 题干：A shape that has length, width, and depth (like a box) is _____. 选项：A) flat B) 2-dimensional C) 3-dimensional D) line 正确答案：C (解析：3-dimensional意为“三维的/立体的”)

object - 题干：A physical thing that you can touch and see is an _____. 选项：A) object B) idea C) dream D) sound 正确答案：A (解析：object意为“物体”)

block - 题干：A solid piece of wood or plastic used for building is a _____. 选项：A) circle B) block C) point D) line 正确答案：B (解析：block意为“木块/积木/块体”)

第4周 (cube, cuboid, rectangular prism, length, height)

cube - 题干：A 3D shape with 6 equal square faces, like a dice, is a _____. 选项：A) sphere B) cube C) line D) triangle 正确答案：B (解析：cube意为“立方体/正方体”)

cuboid - 题干: A box-like 3D shape with rectangular faces is called a _____. 选项: A) circle B) cuboid C) pyramid D) cone 正确答案: B (解析: cuboid意为“长方体”)

rectangular prism - 题干: Another mathematical name for a cuboid is a _____. 选项: A) rectangular prism B) cylinder C) cube D) sphere 正确答案: A (解析: rectangular prism意为“矩形棱柱/长方体”)

length - 题干: To find out how long a box is, you measure its _____. 选项: A) height B) color C) length D) weight 正确答案: C (解析: length意为“长度”)

height - 题干: To find out how tall a box is, you measure its _____. 选项: A) length B) height C) side D) fraction 正确答案: B (解析: height意为“高度”)

第5周 (Review Week: factor, multiple, common, divisible, share)

阅读文本: In math class, we learn how to share 12 apples equally among 3 friends. Because 12 is divisible by 3, each friend gets 4 apples. We know that 3 and 4 are each a factor of 12. Also, 12 is a multiple of 3. If we look at the numbers 12 and 15, we can find a common factor that they both share, which is 3.

测试题: Why can we easily share 12 apples equally among 3 friends?

选项: A) Because 12 is a fraction B) Because 12 is divisible by 3 C) Because 12 is a cube D) Because 3 is a multiple

正确答案: B (解析: 因为12可以被3整除 divisible)

【第二阶段: 第7-10周】

第7周 (common factor, common multiple, divisible, remainder, divide)

common factor - 题干: The number 2 is a _____ of both 4 and 8. 选项: A) common factor B) remainder C) decimal D) volume 正确答案: A (解析: common factor意为“公因数”)

common multiple - 题干: The number 12 is a _____ of both 3 and 4. 选项: A) common factor B) remainder C) common multiple D) cube 正确答案: C (解析: common multiple意为“公倍数”)

divisible - 题干: A number ending in 0 is always _____ by 10. 选项: A) heavy B) divisible C) mixed D) flat 正确答案: B (解析: divisible意为“可整除的”)

remainder - 题干: If you divide 10 by 3, the answer is 3 with a _____ of 1. 选项: A) factor B) multiple C) remainder D) object 正确答案: C (解析: remainder意为“余数”)

divide - 题干: We _____ 20 by 4 to get 5. 选项: A) add B) subtract C) multiply D) divide 正确答案: D (解析: divide意为“除以”)

第8周 (fraction, mixed number, improper, equal, part)

fraction - 题干: A number like $\frac{1}{2}$ or $\frac{3}{4}$ is called a _____. 选项: A) fraction B) multiple C) remainder D) cube 正确答案: A (解析: fraction意为“分数”)

mixed number - 题干: A number like $1\frac{1}{2}$ that has a whole number and a fraction is a _____. 选项: A) improper fraction B) mixed number C) common factor D) remainder 正确答案: B (解析: mixed number意为“带分数”)

improper - 题干: A fraction where the top number is larger than the bottom number (like $\frac{5}{3}$) is an _____ fraction. 选项: A) improper B) mixed C) equal D) normal 正确答案: A (解析: improper意为“假分数中的‘假的/不当的’”)

equal - 题干: To make a fair fraction, all slices of the pizza must be _____ in size. 选项: A) improper B) mixed C) equal D) heavy 正确答案: C (解析: equal意为“相等的”)

part - 题干: A fraction represents a _____ of a whole. 选项: A) length B) part C) volume D) height 正确答案: B (解析: part意为“部分”)

第9周 (add, subtract, fraction, improper, simplify)

add - 题干: If we _____ $\frac{1}{4}$ and $\frac{1}{4}$, we get $\frac{2}{4}$. 选项: A) subtract B) multiply C) add D) divide 正确答案: C (解析: add意为“加”)

subtract - 题干: If we _____ $\frac{1}{3}$ from $\frac{2}{3}$, we get $\frac{1}{3}$. 选项: A) add B) subtract C) simplify D) count 正确答案: B (解析: subtract意为“减去”)

fraction - 题干: $\frac{2}{5}$ is a math _____ that shows two out of five pieces. 选项: A) volume B) shape C) remainder D) fraction 正确答案: D (解析: fraction意为“分数”)

improper - 题干: The fraction $\frac{7}{4}$ is _____ because 7 is bigger than 4. 选项: A) proper B) improper C) equal D) mixed 正确答案: B (解析: improper意为“假(分数)的”)

simplify - 题干: To make $\frac{2}{4}$ into $\frac{1}{2}$, we must _____ the fraction. 选项: A) add B) simplify C) subtract D) count 正确答案: B (解析: simplify意为“化简/约分”)

第10周 (Review Week: division, divide, fraction, whole, equal)

阅读文本: Today we learn about math division. When we divide a whole pizza into 4 equal slices, each slice is exactly the same size. If you eat one slice, you have eaten a fraction of the pizza, which is $\frac{1}{4}$.

测试题: What must the slices be like when we divide a whole pizza into a fraction?

选项: A) They must be improper B) They must be equal in size C) They must be a multiple D) They must be a volume

正确答案: B (解析: 分成等份的片段必须大小相等 equal)

【第三/四阶段: 第11-15周】

第11周 (cube, cuboid, surface, edge, volume)

cube - 题干: A dice is a perfect 3D _____ with square faces. 选项: A) line B) point C) cube D) circle 正确答案: C (解析: cube意为“立方体”)

cuboid - 题干: A shoe box is an example of a 3D _____. 选项: A) sphere B) cuboid C) triangle D) pyramid 正确答案: B (解析: cuboid意为“长方体”)

surface - 题干: The flat outside face of a 3D shape is its _____. 选项: A) edge B) volume C) surface D) multiple 正确答案: C (解析: surface意为“表面”)

edge - 题干: The straight line where two surfaces of a cuboid meet is an _____. 选项: A) edge B) volume C) factor D) fraction 正确答案: A (解析: edge意为“边缘/棱”)

volume - 题干: The amount of 3D space inside a box is its _____. 选项: A) length B) volume C) edge D) height 正确答案: B (解析: volume意为“体积/容积”)

第12周 (volume, unit, centimetre, count, space)

volume - 题干: We fill a cup with water to measure its _____. 选项: A) line B) point C) space D) volume 正确答案: D (解析: volume意为“体积/容积”)

unit - 题干: A standard size used for measuring, like a kilogram or a litre, is a _____. 选项: A) unit B) edge C) shape D) fraction 正确答案: A (解析: unit意为“单位”)

centimetre - 题干: We use a ruler to measure small things in _____s. 选项: A) hours B) kilograms C) centimetres D) tones 正确答案: C (解析: centimetre意为“厘米”)

count - 题干: To find how many blocks there are, you must _____ them one by one. 选项: A) slide B) count C) turn D) flip 正确答案: B (解析: count意为“计数/数数”)

space - 题干: Volume tells us how much 3D _____ an object takes up. 选项: A) space B) line C) edge D) point 正确答案: A (解析: space意为“空间”)

第13周 (movement, slide, turn, flip, shape)

movement - 题干: Moving a shape across a grid is a type of mathematical _____. 选项: A) unit B) point C) movement D) volume 正确答案: C (解析: movement意为“移动/运动”)

slide - 题干: To move a shape left or right without turning it is to _____ it (translation). 选项: A) slide B) count C) observe D) divide 正确答案: A (解析: slide意为“平移/滑动”)

turn - 题干: To rotate a shape around a center point is to _____ it. 选项: A) count B) turn C) slide D) add 正确答案: B (解析: turn意为“旋转/转动”)

flip - 题干: To create a mirror image of a shape over a line is to _____ it (reflection). 选项: A) flip B) count C) slide D) turn 正确答案: A (解析: flip意为“翻转”)

shape - 题干: A triangle, square, or circle is a 2D _____. 选项: A) volume B) unit C) shape D) line 正确答案: C (解析: shape意为“形状”)

第14周 (observe, line graph, data, point, trend)

observe - 题干: To look closely at the information in a chart is to _____ it. 选项: A) slide B) observe C) flip D) turn 正确答案: B (解析: observe意为“观察”)

line graph - 题干: A chart that uses a continuous line to show changes over time is a _____. 选项: A) pie chart B) bar chart C) line graph D) cuboid 正确答案: C (解析: line graph意为“折线图”)

data - 题干: The numbers and facts we collect for a math project are called _____. 选项: A) data B) volume C) edge D) unit 正确答案: A (解析: data意为“数据”)

point - 题干: On a graph, a specific dot marking a piece of data is a _____. 选项: A) edge B) volume C) point D) slide 正确答案: C (解析: point意为“点/坐标点”)

trend - 题干: The general direction that the line graph goes (up or down) is the _____. 选项: A) cube B) trend C) surface D) unit 正确答案: B (解析: trend意为“趋势”)

第15周 (Review Week: fraction, factor, multiple, volume, line graph)

阅读文本: In our final math review, we look at different topics. A fraction shows part of a whole. When multiplying numbers, 10 is a multiple of 5, and 5 is a factor of 10. In geometry, we find the 3D space inside a box, which is its volume. Finally, we can show how temperatures change over a week by drawing a line graph.

测试题: Which tool do we use to show how temperatures change over time?

选项: A) A fraction B) A volume C) A line graph D) A factor

正确答案: C (解析: 用折线图 line graph 可以展示随时间变化的数据趋势)

学科: 科学 (Science)

【第一阶段: 第2-5周】

第2周 (digestive, stomach, large intestine, small intestine, function)

digestive - 题干: The system in our body that breaks down food is the _____ system. 选项: A) nervous B) digestive C) solar D) magnetic 正确答案: B (解析: digestive意为“消化的/消化系统”)

stomach - 题干: The bag-like organ that mixes food with acid is the _____. 选项: A) heart B) brain C) stomach D) lung 正确答案: C (解析: stomach意为“胃”)

large intestine - 题干: The organ that absorbs water from leftover food waste is the _____. 选项: A) brain B) large intestine C) small intestine D) heart 正确答案: B (解析: large intestine意为“大肠”)

small intestine - 题干: The long, narrow tube where most nutrients from food are absorbed into the blood is the _____. 选项: A) small intestine B) large intestine C) lung D) stomach 正确答案: A (解析: small intestine意为“小肠”)

function - 题干: The special job or purpose of an organ in the body is its _____. 选项: A) orbit B) diagram C) function D) friction 正确答案: C (解析: function意为“功能/作用”)

第3周 (balance, diet, fats, vitamins, carbohydrates)

balance - 题干: Eating the right amount of different foods gives you a healthy _____. 选项: A) orbit B) balance C) gravity D) drag 正确答案: B (解析: balance意为“平衡”)

diet - 题干: The types of food that a person usually eats every day is their _____. 选项: A) diagram B) diet C) friction D) thrust 正确答案: B (解析: diet意为“日常饮食”)

fats - 题干: Butter and oils give our body stored energy because they contain _____. 选项: A) vitamins B) carbohydrates C) fats D) magnets 正确答案: C (解析: fats意为“脂肪”)

vitamins - 题干: Fruits and vegetables are full of _____ that keep our body healthy and prevent illness. 选项: A) fats B) vitamins C) forces D) alloys 正确答案: B (解析: vitamins意为“维生素”)

carbohydrates - 题干: Bread, pasta, and rice are foods rich in _____ that give us quick energy. 选项: A) carbohydrates B) vitamins C) fats D) magnets 正确答案: A (解析: carbohydrates意为“碳水化合物”)

第4周 (force, gravity, diagram, attract, normal)

force - 题干: A push or a pull on an object is a physical _____. 选项: A) force B) diagram C) vitamin D) diet 正确答案: A (解析: force意为“力/作用力”)

gravity - 题干: The invisible force that pulls everything down towards the Earth is _____. 选项: A) friction B) drag C) gravity D) upthrust 正确答案: C (解析: gravity意为“重力/引力”)

diagram - 题干: Scientists draw a _____ with arrows to show how forces act on an object. 选项: A) diagram B) diet C) stomach D) season 正确答案: A (解析: diagram意为“图表/示意图”)

attract - 题干: A magnet will _____ iron objects toward it. 选项: A) push B) digest C) attract D) repel 正确答案: C (解析: attract意为“吸引”)

normal - 题干: The upward force from a table holding up a book is the _____ force (or support force). 选项: A) gravity B) normal C) drag D) friction 正确答案: B (解析: normal力在物理中指垂直支撑面的“法向力/支持力”)

第5周 (Review Week: digestive, stomach, gravity, force, vitamin)

阅读文本: We need food to give us energy to fight against the force of gravity when we jump. When we eat an apple full of healthy vitamins, it goes down into our stomach. This is a very important part of the digestive system that breaks down the food.

测试题: Which organ is part of the digestive system mentioned in the text?

选项: A) Gravity B) The stomach C) A force D) A vitamin

正确答案: B (解析: 文中提到属于消化系统的器官是胃 stomach)

【第二阶段: 第7-10周】

第7周 (drag, friction, upthrust, multiple, resistance)

drag - 题干: Air _____ is a force that slows down an airplane flying through the sky. 选项: A) upthrust B) drag C) multiple D) diet 正确答案: B (解析: drag意为“阻力/空气阻力”)

friction - 题干: The force that tries to stop a box from sliding across the floor is _____. 选项: A) friction B) upthrust C) diet D) vitamin 正确答案: A (解析: friction意为“摩擦力”)

upthrust - 题干: The upward force of water that makes a boat float is called _____. 选项: A) gravity B) upthrust C) drag D) friction 正确答案: B (解析: upthrust意为“浮力/向上推力”)

multiple - 题干: A falling leaf is acted upon by _____ forces, such as gravity and air resistance at the same time. 选项: A) one B) zero C) multiple D) normal 正确答案: C (解析: multiple意为“多重的/多个的”)

resistance - 题干: Both drag and friction are types of _____ that slow objects down. 选项: A) resistance B) upthrust C) stomach D) diet 正确答案: A (解析: resistance意为“阻力”)

第8周 (thrust, push, pull, object, change)

thrust - 题干: The powerful driving force pushing a rocket up into space is _____. 选项: A) drag B) thrust C) friction D) gravity 正确答案: B (解析: thrust意为“推力/驱动力”)

push - 题干: To close a door, you must apply a force to _____ it shut. 选项: A) pull B) push C) test D) digest 正确答案: B (解析: push意为“推”)

pull - 题干: To open a drawer, you must apply a force to _____ it toward you. 选项: A) push B) thrust C) pull D) drag 正确答案: C (解析: pull意为“拉”)

object - 题干: A force can move a physical _____ like a ball or a chair. 选项: A) object B) diet C) vitamin D) sunrise 正确答案: A (解析: object意为“物体”)

change - 题干: A strong force can _____ the speed or direction of a moving car. 选项: A) balance B) change C) digest D) orbit 正确答案: B (解析: change意为“改变”)

第9周 (material, magnet, alloy, test, predict)

material - 题干: Wood, plastic, and metal are different types of physical _____. 选项: A) material B) magnet C) force D) orbit 正确答案: A (解析: material意为“材料/物质”)

magnet - 题干: A piece of metal that attracts iron and steel is a _____. 选项: A) alloy B) magnet C) diet D) season 正确答案: B (解析: magnet意为“磁铁”)

alloy - 题干: A strong metal made by mixing two or more elements together, like steel, is an _____. 选项: A) magnet B) alloy C) test D) plant 正确答案: B (解析: alloy意为“合金”)

test - 题干: Scientists must _____ a material to see if it is strong enough. 选项: A) push B) predict C) test D) attract 正确答案: C (解析: test作动词指“测试/试验”)

predict - 题干: Before the experiment, we make a guess to _____ what will happen. 选项: A) test B) predict C) push D) drag 正确答案: B (解析: predict意为“预测”)

第10周 (Review Week: force, magnet, friction, upthrust, gravity)

阅读文本：There are many types of force in science. Gravity pulls things down. A magnet can pull iron without touching it. When you slide on the floor, friction slows you down. When you swim in a pool, upthrust from the water pushes you up and helps you float.

测试题：What force pushes you up when you are swimming in water?

选项：A) Gravity B) Friction C) A magnet D) Upthrust

正确答案：D (解析：在水中向上推并帮助漂浮的力是浮力 upthrust)

【第三/四阶段：第11-15周】

第11周 (magnetic, strength, measure, result, conclusion)

(注：大纲"conclustion"拼写纠正为conclusion)

magnetic - 题干：Iron nails stick to a fridge magnet because they are _____ materials. 选项：A) magnetic B) digestive C) normal D) heavy 正确答案：A (解析：magnetic意为“磁性的”)

strength - 题干：We test how many paperclips a magnet can hold to find its pulling _____. 选项：A) strength B) orbit C) season D) result 正确答案：A (解析：strength意为“力量/强度”)

measure - 题干：We use a ruler to _____ how far the toy car rolled. 选项：A) measure B) attract C) change D) predict 正确答案：A (解析：measure意为“测量”)

result - 题干：The data and numbers you get at the end of an experiment are your _____. 选项：A) result B) gravity C) orbit D) diet 正确答案：A (解析：result意为“结果”)

conclusion - 题干：After looking at the results, scientists write a final _____ to explain what they learned. 选项：A) magnet B) force C) conclusion D) migration 正确答案：C (解析：conclusion意为“结论”)

第12周 (season, plant, animal, Earth, orbit)

season - 题干：Spring, summer, autumn, and winter are the four _____s of the year. 选项：A) seasons B) orbits C) plants D) planets 正确答案：A (解析：season意为“季节”)

plant - 题干：A tree or a flower that grows in the soil is a _____. 选项：A) animal B) plant C) magnet D) stomach 正确答案：B (解析：plant意为“植物”)

animal - 题干：A living creature like a bird, dog, or human is an _____. 选项：A) plant B) alloy C) animal D) season 正确答案：C (解析：animal意为“动物”)

Earth - 题干：The beautiful blue planet where we live is called _____. 选项：A) Mars B) Earth C) Sun D) Moon 正确答案：B (解析：Earth意为“地球”)

orbit - 题干：The invisible path the Earth takes as it travels around the Sun is its _____. 选项：A) season B) orbit C) force D) gravity 正确答案：B (解析：orbit意为“轨道/绕轨运行”)

第13周 (sunrise, sunset, migration, adapt, chlorophyll)

sunrise - 题干：The time in the early morning when the sun first appears is _____. 选项：A) sunset B) sunrise C) orbit D) season 正确答案：B (解析：sunrise意为“日出”)

sunset - 题干: The time in the evening when the sun disappears and it gets dark is _____. 选项: A) sunrise B) sunset C) season D) orbit 正确答案: B (解析: sunset意为“日落”)

migration - 题干: Birds flying south to warmer places for the winter is an example of _____. 选项: A) migration B) chlorophyll C) sunrise D) gravity 正确答案: A (解析: migration意为“迁徙”)

adapt - 题干: Animals grow thicker fur to _____ to the cold winter weather. 选项: A) adapt B) predict C) test D) measure 正确答案: A (解析: adapt意为“适应”)

chlorophyll - 题干: The green substance inside leaves that helps plants make food from sunlight is _____. 选项: A) chlorophyll B) vitamin C) carbohydrate D) fat 正确答案: A (解析: chlorophyll意为“叶绿素”)

第14周 (sunrise, sunset, season, plant, animal)

(巩固高频科学词汇)

sunrise - 题干: Because the Earth rotates, we see _____ in the east every morning. 选项: A) sunset B) sunrise C) season D) plant 正确答案: B (解析: sunrise意为“日出”)

sunset - 题干: The sky turns red and orange during a beautiful evening _____. 选项: A) sunrise B) sunset C) season D) orbit 正确答案: B (解析: sunset意为“日落”)

season - 题干: Winter is the coldest _____ of the year. 选项: A) season B) plant C) animal D) orbit 正确答案: A (解析: season意为“季节”)

plant - 题干: A cactus is a desert _____ that can survive with very little water. 选项: A) plant B) animal C) magnet D) force 正确答案: A (解析: plant意为“植物”)

animal - 题干: A polar bear is a large white _____ living in the Arctic. 选项: A) plant B) season C) animal D) Earth 正确答案: C (解析: animal意为“动物”)

第15周 (Review Week: environment, weather, gill, fin, thorn)

(注: 大纲"enviroment"拼写纠正)

阅读文本: Living things adapt to their environment. In rainy or snowy weather, plants and animals use special parts to survive. A fish uses its fin to swim and a gill to breathe underwater. A rose bush grows a sharp thorn on its stem to stop animals from eating it.

测试题: What special part does a rose bush grow to protect itself?

选项: A) A gill B) A fin C) A thorn D) The weather

正确答案: C (解析: 玫瑰丛长出用来保护自己的特殊部位是刺 thorn)

学科: STEAM

【第一阶段: 第2-5周】

第2周 (Question Type, Fill in the Blank, Fair, Specific, Engaging)

Question Type - 题干: Multiple-choice and True/False are different examples of a _____. 选项: A) Question Type B) Fair C) Specific D) Keyboard 正确答案: A (解析: Question Type意为“题型/问题类型”)

Fill in the Blank - 题干: A test question where you write a missing word in a space is a _____ question. 选项: A) Question Type B) Fill in the Blank C) Specific D) Cycle 正确答案: B (解析: Fill in the Blank意为“填空题”)

Fair - 题干: A good test question should be _____, meaning it is not too tricky or confusing. 选项: A) Specific B) Fair C) Engaging D) Touchscreen 正确答案: B (解析: Fair意为“公平的/合理的”)

Specific - 题干: To get the right data, your question must be exactly clear and _____. 选项: A) Fair B) Specific C) Engaging D) Keyboard 正确答案: B (解析: Specific意为“具体的/明确的”)

Engaging - 题干: An interactive game is very _____, so students love to play it. 选项: A) Engaging B) Specific C) Fair D) Fill in the Blank 正确答案: A (解析: Engaging意为“引人入胜的/吸引人的”)

第3周 (Input, Output, Feedback, User Interface, Keyboard)

Input - 题干: Information you send into a computer system is called _____. 选项: A) Output B) Input C) Feedback D) Score 正确答案: B (解析: Input意为“输入”)

Output - 题干: The sound coming from the speakers is the computer's _____. 选项: A) Input B) Output C) Keyboard D) User Interface 正确答案: B (解析: Output意为“输出”)

Feedback - 题干: When you press a button and the screen flashes green, the system is giving you visual _____. 选项: A) Output B) Feedback C) Input D) Keyboard 正确答案: B (解析: Feedback意为“反馈”)

User Interface - 题干: The screen menus and buttons that a person uses to control an app is the _____. 选项: A) Keyboard B) User Interface C) Input D) Cycle 正确答案: B (解析: User Interface意为“用户界面”)

Keyboard - 题干: The board with letter and number buttons used to type into a computer is the _____. 选项: A) Screen B) Keyboard C) Mouse D) Speaker 正确答案: B (解析: Keyboard意为“键盘”)

第4周 (Mouse, Screen, Speakers, Touchscreen, Cycle)

Mouse - 题干: A small device you move with your hand to click on a computer is a _____. 选项: A) Mouse B) Screen C) Speaker D) Cycle 正确答案: A (解析: Mouse意为“鼠标”)

Screen - 题干: The monitor or display where you see pictures and text is the computer's _____. 选项: A) Screen B) Mouse C) Speaker D) Cycle 正确答案: A (解析: Screen意为“屏幕”)

Speakers - 题干: You need to plug in the _____ to hear the music loudly in the room. 选项: A) Mice B) Screens C) Speakers D) Touchscreens 正确答案: C (解析: Speakers意为“扬声器/音箱”)

Touchscreen - 题干: A tablet allows you to use your fingers directly on the display because it has a _____. 选项: A) Mouse B) Keyboard C) Touchscreen D) Speaker 正确答案: C (解析: Touchscreen意为“触摸屏”)

Cycle - 题干: In coding, a process that repeats over and over again is a loop or a _____. 选项: A) Cycle B) Mouse C) Screen D) Speaker 正确答案: A (解析: Cycle意为“循环”)

第5周 (Review Week: Variable, Score, Initialization, Conditional, Flowchart)

阅读文本: When designing a video game, we first draw a Flowchart to map out the logic. We create a Variable to hold the player's Score. At the start of the game, we do the Initialization, setting the score to 0. We also use a Conditional block, like an "If-Then" statement, so IF the player catches a coin, THEN the score goes up.

测试题: What is the drawing used to map out the logic of the game called?

选项: A) A Variable B) A Score C) A Flowchart D) An Initialization

正确答案: C (解析: 用来绘制游戏逻辑的图表是流程图 Flowchart)

【第二阶段: 第7-10周】

第7周 (Project, Requirements, Scoring System, Structure, Template)

Project - 题干: Creating a new app for the science fair is a big STEAM _____. 选项: A) Project B) Template C) Structure D) Score 正确答案: A (解析: Project意为“项目”)

Requirements - 题干: The rules and features the teacher says your app must have are the _____. 选项: A) Requirements B) Templates C) Fields D) Debugs 正确答案: A (解析: Requirements意为“要求/需求”)

第15周 (Review Week: relay, sprint, reaction time, spin, base position)

阅读文本: In a team relay race, runners pass a baton to each other. When the whistle blows, a fast reaction time helps you start moving instantly. You must sprint as fast as you can. In a badminton match, after you hit the birdy, you must quickly return to the center base position. Sometimes players hit the birdy with a tricky spin to make it curve and hard to hit back.

测试题: What helps a runner start moving instantly when the whistle blows?

选项: A) A spin B) A fast reaction time C) A relay race D) A base position

正确答案: B (解析: 帮助跑者在吹哨时瞬间起跑的是快速的反应时间 reaction time)
